

# 31

# PUBLIC MEETING

Clay-Cicero Route 31 Transportation Study

**Tuesday, September 1, 2009**  
**7:00 p.m. - 9:00 p.m.**  
**Cicero-North Syracuse**  
**High School**  
**6002 Route 31**

The Syracuse Metropolitan Transportation Council (SMTC) is currently in the process of completing the **Clay-Cicero Route 31 Transportation Study** on behalf of the Town of Clay and the Town of Cicero.

The purpose of this study is to develop long-term (10-20+ years) transportation and land use concepts that preserve and enhance the capacity of Route 31 while meeting the future needs and vision of the community.

So far in this study, SMTC staff and a Study Advisory Committee consisting of representatives from the Town of Clay, Town of Cicero, New York State Department of Transportation (NYSDOT), Onondaga County Department of Transportation (OCDOT), Syracuse-Onondaga County Planning Agency, Onondaga County Office of Economic Development, and others have evaluated existing conditions in the study area, developed study goals, and developed and analyzed alternative scenarios for future land use and transportation development in the Town of Clay and Town of Cicero. We have refined the alternatives based on feedback received at our previous public meeting (January 2009) and are seeking additional input on the final set of alternatives. This will be the final public meeting for this study.

**We want to hear what you think about the transportation and land use concepts that we have developed. We need your input to create a vision for the future of Clay and Cicero. Please join us!**

#### Meeting agenda

- Presentation by SMTC staff (with brief project updates from NYSDOT and OCDOT)
- Open house (view concepts and analysis results)
- General Q&A

For more information, please contact the SMTC:
